Title Index to Volume 14

Adverse effect associated with contraceptive implants: incidence, prevention and management 1
Contraceptive choices among Nigerian women attending an antenatal clinic 131
Contraceptive efficacy and acceptability of a monophasic oral contraceptive containing 30 μg ethinyl estradiol and 150 μg desogestrel in Latin-American women 15
Contraceptive use and pregnancy before and after introducing lactational amenorrhea (LAM) in a post-partum program 59
Controlled radiofrequency endotubal sterilization 147
Effect of stainless steel on corrosion behavior of copper in a copper-bearing intrauterine device 153
Emergency contraception: the user profile 171
Family planning camps as an opportunity to assess and help reduce the prevalence of reproductive health morbidities in rural Nepal 179
Four-year clinical evaluation of quinacrine pellets for non-surgical female sterilization 69
New directions in IUCD development 41
Non-physician insertion of IUDs: clinical outcomes among TCu 380A insertions in three developing-country clinics 45
Norplant as a contraceptive device in Enugu, Eastern Nigeria 109
Preliminary analysis of a multicenter clinical trial using Multiload CU 375SL in emergency contraception 161
Preventing abortion and repeat abortion with the Gynefix intrauterine implant system – preliminary results 91
Provider attitudes toward IUD provision in Zimbabwe: perception of HIV risk and training implications 27
Quinacrine sterilization: an assessment of ectopic pregnancy, birth defects, and cancer risks 81
Results of an efficacy-finding study (EFS) with the computer–thermometer Cyclotest 2 plus containing 207 cycles 201
Retrospective clinical trial of contraceptive effectiveness of the electronic fertility indicator Ladycomp/Babycomp 97
Sex education and contraception methods: knowledge and sources of information among the Estonian population 121
User acceptability of a female condom (Reality) in Shanghai 193
Weight variation in users of the once-a-month injectable contraceptive Cyclofem 185
